

# **EXHIBIT 2**

**UNITED STATES DISTRICT COURT  
DISTRICT OF MINNESOTA**

---

IN RE: PORK ANTITRUST LITIGATION

No. 18-cv-01776 (JRT/HB)

---

No. 21-md-02998 (JRT/HB)

---

This document relates to:

ALL CASES

---

**CERTIFICATE OF  
AUTHENTICITY CERTIFYING  
BUSINESS RECORD PURSUANT  
TO FEDERAL RULES OF  
EVIDENCE 803(6) AND 902(11)**

I, Luc Dufresne, declare and certify the following:

1. I am over the age of 21 years and I have personal knowledge of each of the matters stated herein.

2. I am the Senior Director of Veterinary Services of Seaboard Foods LLC (“Seaboard”).

3. The document produced in the above-captioned litigation at SBF1119144 is a Seaboard Foods LLC business record with the original file name “Production Changes Gantt Chart.xlsx”.

4. Preparing and maintaining records of disease outbreaks and changes to Seaboard’s vaccines and medication program are part of my duties and responsibilities as Seaboard’s Senior Director of Veterinary Services.

5. SBF1119144 is a spreadsheet that identifies instances from 2003 to early 2022 in which Seaboard made changes to its vaccines or medication program, or implemented specific health action plans, at Seaboard-owned sow farms, nurseries, and

finishing barns. My staff and I prepared and maintained SBF1119144 in the ordinary course of our employment at Seaboard.

6. The tabs in SBF1119144 identified by a year and the phrase Med-Vac or Med-Vacc (*e.g.*, “2006Med-Vac”) contain information about changes to medicines and vaccinations administered on Seaboard-owned farms for the year designated on the tab. Under my supervision and direction, my staff entered this information into SBF1119144 shortly after Seaboard implemented the medicines and vaccinations in question.

7. For years 2011 and later, the tabs in SBF1119144 identified only by a year (*e.g.*, “2011”) contain information about changes to medicines and vaccinations administered on Seaboard-owned farms for the year designated on the tab. Under my supervision and direction, my staff entered this information into SBF1119144 shortly after Seaboard implemented the medicines and vaccinations in question.

8. Pursuant to Fed. R. Evid. 803(6) and 902(11), I further certify that the following is true:

- a. Each record in SBF1119144 was made at or near the time of the act or event reflected in the record by or from information transmitted by someone with knowledge of those matters;
- b. SBF1119144 was kept and maintained in the course of a regularly conducted activity of Seaboard;
- c. Making SBF1119144 was a regular practice of Seaboard in connection with the regularly conducted business activities of Seaboard; and

- d. SBF1119144 is a true and accurate copy of the file-copy of “Production Changes Gantt Chart.xlsx” maintained by Seaboard in its corporate files.

I declare under penalty of perjury that the foregoing is true and correct and that this declaration was executed this 10 day of May, 2022.

---

Luc Dufresne  
Senior Director of Veterinary Services  
Seaboard Foods LLC.
